COACHES COMMENT . . .

Today is our last National League game of the year, and therefore it would be remiss of me not to take this opportunity in thanking you, the supporters, for your support this year. In all but one game our attendances have improved this year, compared against the corresponding team fixture of the previous year. I would like to suggest that the entertaining style of play, the team has played this year has been a major part in improving our attendances, where elsewhere most other teams have had attendances in decline. Whilst the side hasn't gained sufficient points to play off in the top 5, I believe they have shown enough ability to suggest that next year we will definitely be there.

The club is also working hard to bring experienced players to the club to help develop our very talented young side. I believe we are at the beginning of a very successful era for the club and therefore with your future support we can all enjoy the successes. Our last two league games which enabled us to steer clear of the relegation spot was the result of a tremendous commitment by the players. After our loss against Footscray it was even more meritorious. I was particularly pleased with the 1:1 draw against Preston in Melbourne. We lost Graham Honeyman and Brenton Hiern before the match adding to our long list of injuries but the lads responded magnificently.

It was also tremendous to see our Rothmans League side gain 4 points from the games against Cumberland and Croatia, hopefully now they are also clear of the relegation zone. Today I would like to extend a warm welcome to our sister club, South Melbourne Hellas. I would also like to take this opportunity to congratulate Len McKendry and his players on becoming the champions again. I say champions because I believe whoever finishes top of the league are the true champions, regardless of the results during the top 5 play-offs. It is a little unfortunate Dougie Brown won't be in the South Melbourne line-up because of suspension as he was a great ambassador for South Melbourne during his guest appearance for us against Adelaide City. However, I hope we can make him a little sad by beating his team this afternoon. There is no pressure on either side for points so I'm sure the players can go out and freely express themselves. This will obviously add to our entertainment. I am looking forward to what should be a great game.

See you there - Neil
